MINUTES OF MEETINGS  
OF THE  
**Board of Commissioners**  

---

**MAY, 1919**

---

**NEWARK, N. J.,**

**May 1st, 1919.**

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of April 24th, 1919, were read and approved.

Mr. Fred Harwood, county and state secretary for the Socialist party, appeared before the Board at the request of Commissioner Monahan, who threatened to rescind his recent permit to the Socialists to hold their meeting at Military Park unless assurances were given that the law would be obeyed. Mr. Harwood stated that the members of his party intended to obey the law, and that he did not think anything objectionable would occur.

In reply to a question by Commissioner Brennan as to whether or not red flags were to be carried at the demonstration, Mr. Harwood stated that he had notified the members of the recent passage in New Jersey of a law prohibiting the carrying of a red flag and he therefore did not think it would be displayed.

Commissioner Monahan stated he

did not object to the meeting being held as long as they are going to keep within the law.

Mayor Gillen announced that in view of the explanation the permit stands as it was and permission will be granted for a meeting to be held in Military Park at 7 o'clock p. m. on May 1st, 1919.

Mr. Steven Bircher, representing the Brotherhood of Metal Workers, requested a blanket permit from the Commission to speak anywhere in the city. He stated that for the past ten years he has been making speeches in the interests of the Brotherhood of Metal Workers, but that last Tuesday when he appeared at the plant of the J. E. Mergott Company he was met by two plainclothesmen and two uniformed policemen and taken to the Sixth Precinct Police Station, where he was given a lecture; that following this experience he went to Chief of Police Long and asked for a blanket speaking permit, which was refused, and he then appealed to Director Brennan of the Department of Public Safety with the same result.

Commissioner Brennan: I have had two conferences with Mr. Bircher relative to the holding of these street meetings. I have taken the matter up with the heads of the departments and we have arrived at the conclusion that no street corner meetings will be allowed unless per-

mits are granted by the Chief of Police. I believe no one has a right to hold promiscuous meetings without a permit from the Chief of Police. There is too much of this going on. There are too many complaints coming in, not only from the employers, but from the citizens and householders in the vicinity. I told Mr. Bircher this morning that he would have to have a permit if he desired to avail himself of our offer, and that he would have to get a permit every day. He has refused to accept that, and having done so I can assure him that until the courts dispose of the matter in some other way the Department of Public Safety will live up to its understanding of the matter.

I have a report from the building inspector regarding protests against the erection of garages. I would like to place it before you before hearing the protests.

Commissioner Brennan stated that Superintendent O'Rourke had made the following report in relation to the various applications for the erection of garages:

"Referring to the applications to erect public garages which were advertised in accordance with the ordinance approved March 13th, 1919, and against which protests have been filed, I have to report as follows:

19-23 Carteret Street—C. H. Lane, applicant. This application is for a group of individual garages, and might more properly be defined as community garages. A verbal protest was made against this garage by a Mr. Abbott, who stated that he would later file a written petition signed by neighboring property owners against the project.

After viewing the site I am of the opinion that this group of community garages is not so objectionable in this location, and as the promised petition has not been filed I would suggest favorable action.

465-471 Clifton Avenue—This is

also a group of community garages, filed by the same owner, Mr. C. H. Lane, and as a written protest, signed by most of the neighboring property owners, has been filed against the construction of this project, I would suggest unfavorable action.

204-206 Runyon Street—This is also for a group of community garages in a neighborhood where the owner of the proposed project already has a number of similar garages. It does not seem to me that the addition of these twelve individual units is needed here, and as a protest has been received from the neighboring property owners I would suggest unfavorable action.

773-775 South 20th Street—This is a public garage in the general acceptance of the term, being a one-story building, 50x95, with a truss-wood roof over and intended for the general storage, and I presume, repair of automobiles. While it is close to a business street—Springfield Avenue—it is located in a residential district, and inasmuch as a protest signed by many of the neighboring property owners has been filed against the erection of the building I would suggest unfavorable action.

62 Montgomery Street—This is also a public garage for the general storage and repair of automobiles. It is located in a congested neighborhood, close to a public school, and as a protest signed by five of the neighboring property owners has been filed against the erection of this building, I would recommend unfavorable action."

Mr. A. H. McGlyn, representing the owner of a garage to be built at 773-775 South 20th Street, requested the Board to grant permission for the erection of this garage. "This is a building which will cost between \$13,000 and \$15,000 to build. There will be space for about twenty-five garages. I do not see how you can

call this a strictly residential property when there is a factory and saloon not far away from the proposed garage."

Mr. Joseph H. Steinhart, representing all the objectors, protested against the erection of a garage at 773-75 South 20th Street on the ground that the property owners purchased the property in this locality on the supposition that it was to be restricted for the use of dwellings.

Mayor Gillen suggested that each commissioner look at the property before voting on the permit.

Commissioner Archibald moved that the matter lay over for one week and the property in the meantime be inspected by members of the Board.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. P. Arthur Heller objected to the erection of a garage at 465-471 Clifton Avenue. He stated he represented substantially 95 per cent. of the property owners on either side of the street, who are unanimously opposed to the erection of a garage in this neighborhood.

Mr. C. H. Lane and Mr. d'Mur urged the Board to grant a permit for the erection of a garage at 465-471 Clifton Avenue on the ground that it would be a great convenience to the residents of the immediate neighborhood.

Commissioner Archibald moved that the matter lay over for one week and the property in the meantime be inspected by members of the Board.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald moved that the matter of granting permission for the erection of garages at 12-23 Carteret Street, 204-206 Runyon Street and 62 Montgomery Street lay over for one week and the properties in the meantime be inspected by members of the Board.

The following communications were received and read:

State of New Jersey

Passaic Valley Sewerage Commissioners, 31 Clinton Street.

Newark, N. J., April 28, 1919.

To the Hon. Mayor and Board of Commissioners, City of Newark, N. J.

Gentlemen:

The Passaic Valley Sewerage Commissioners respectfully request that the City of Newark make payment of monies which are due under the Second Supplemental Contract, dated March 27, 1918. The amount is as follows: \$1,275,-295.18.

It is a matter of great importance that payment be made by the municipalities to the Commissioners under this contract, and it is earnestly requested that the City of Newark arrange to make payment of the money due at an early date.

Yours very truly,

J. H. QUIGG,  
Secretary.

Ordered referred to the Director of Streets and Public Improvements.

Newark, N. J., April 23, 1919.

To the Commissioners of the City of Newark.

Gentlemen:

In reference to the notice that an assessment is about to be made on certain Vailsburg property benefited by the new drainage system, I object to any assessment against my property on the following grounds:

1st—The section of the sewer laid in Finlay place was not built according to specifications, which calls for a thirty-six (36") inch concrete sewer up to the city line; there still remains over twelve (12) feet of the old fifteen (15) inch tile pipe sewer which was never removed by the contractor, which is entirely too small to receive all of the water from about one hundred (100) acres, which was recently sewered by South Orange, using eighteen (18) inch sewer pipes and connecting same with the Newark system with an inlet only fifteen (15) inches. The map enclosed herewith will bear out this statement.

2nd—All rain water falling upon my property follows a natural slope into South Orange and therefore does not enter the Newark system direct, and as South Orange is not going to contribute to the cost I also claim exemption.

3rd—Every time we have a heavy rain part of my property is under water, caused by the small opening in the Newark sewer.

4th—I have called the attention of the Department of Sewers on several occasions to look into this matter and also submitted a sketch similar to the plans I am submitting now. On August 15th, 1918, I received a letter from Mr. E. S. Rankin stating that he would take up the matter with the South Orange authorities.

Hoping that you will give this communication due consideration, I remain, respectfully yours,

WILLIAM KIRCHNER, JR.

**May 8th, 1919.**

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of May 1st, 1919, were read and approved.

Dr. William G. Hanrahan, in behalf of the Rent Payers' Association, presented the following resolution relative to the city appropriating \$100,000 to provide homes to meet the urgent needs of our people now in distress:

WHEREAS, There is a great scarcity of houses and rooms available as homes for our people, and

WHEREAS, This scarcity has placed a weapon of extortion in the hands of the unscrupulous and rapacious landlords, striking at the very vitals of the American home, which is the bulwark of strength and stability of our Republic, and leading strongly toward race suicide, Bolshevism and other revolutionary movements, and causing intimidation for use of free speech under duress in fear of dispossession or rent raising; therefore be it

RESOLVED, We, the Rent Payers' Association of Essex County, respectfully request the Commissioners of the City of Newark, New Jersey, to appropriate \$100,000, more or less, to provide homes to meet the urgent needs of our people now in distress, by building bungalows, Edison molded cement houses and other buildings for habitation, reclaiming run-down property through renovation; to seek all available material such as the buildings of the United States cantonments, and secure sectional portable buildings, asking the co-operation of the Building Trades, and seek the use of vacant land through the generosity of owners, or lease, thereby emulating the position of many governments now providing and building homes to meet the needs of their peoples.

William G. Hanrahan,  
William Webb,  
John R. Bea,  
Gustav A. Hoffman.

Mayor Gillen stated there is no power vested in the Board to appropriate money for housing people, but that the Board will gladly co-operate with the members of the Rent Payers' Association in urging the Governor to call a special session of the Legislature for the purpose of passing remedial legislation.

Mayor Gillen: We will take up the postponed cases of garage permits.

Mr. A. H. McGlynn requested the Board to postpone action on the permit for 773-775 South 20th street in

order to enable him to complete his investigation.

Commissioner Raymond moved that the matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, McNahan, Raymond, Mayor Gillen.

Commissioner Brennan recommended that unfavorable action be taken on the application for 465-471 Clifton avenue.

Commissioner Archibald moved that the recommendation of the Director of Public Safety be concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Philip J. Warner, attorney for Mr. Abbott, protested against the erection of a garage at 19-23 Carteret street, on the ground that the property owners in this locality object to the erection of a garage.

Commissioner Brennan stated that Superintendent O'Rourke recommended unfavorable action in view of the unanimous opposition of the property owners in this section.

Commissioner Brennan moved that the recommendation of Superintendent O'Rourke be concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Brennan, Monahan, Raymond, Mayor Gillen.

Nays—Commissioner Archibald.

Commissioner Brennan stated that the location of the garage at 62 Montgomery street is practically adjacent to a school and opposite the

city's playground, and that Superintendent O'Rourke recommended unfavorable action on this petition.

Commissioner Raymond moved that the application be granted.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Monahan, Raymond, Mayor Gillen.

Nays—Commissioner Brennan.

Superintendent O'Rourke reported that the objections against the erection of the Runyon street garage had been withdrawn.

Commissioner Brennan moved that the application for the erection of a garage at 204-206 Runyon street be granted.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond: I am not satisfied with the Vailsburg sewer assessments, and I personally would like to have more time to look into the matter. I would suggest that it be laid over for two weeks for further consideration.

The Board concurred in the suggestion and Mayor Gillen announced that the hearing will be postponed for two weeks.

Commissioner Archibald presented the audit of the city departments for the year 1918 and balance sheet as of December 31, 1918, made by Price, Waterhouse & Company, expert accountants.

Ordered filed.

The following petitions were presented and read by the City Clerk:

May 8th, 1919.

To the Commissioners of the City of Newark, N. J.

Gentlemen:

On behalf of the Lincoln Building and Loan Association of Newark, N.

J, the owner of about forty lots on the Balmoral Tract, in the Vailsburg section, hereby protests against the assessment for the Vailsburg Storm Sewer, now before your honorable Board for confirmation, for the reason that under the Act of 1895 assessments for this sewer can only be levied against properties fronting on the line of said sewer, and that only a small part of the above mentioned property fronts on the streets where said sewer has been built.

Trusting that this protest will be made a matter of record by your Board and that same will receive your favorable consideration, I am,

Yours respectfully,

Charles F. Herr,

Attorney for the Lincoln Building and Loan Association of Newark, N. J.

To the Board of Commissioners of the City of Newark:

The undersigned, Mary Krenke, owner of premises known and designated upon the assessment maps of the City of Newark as rear 831-859 Sanford avenue in said City of Newark, does hereby object to the assessment of her property for benefits of the improvement known as "The Vailsburg Drainage System" on the following grounds, being part of lot No. 80, block 4138 of the assessment map and report of commissioners:

1—That said land is not benefited by said sewer.

2—That said sewer does not drain said land.

3—That said land is not legally assessable for said improvement.

4—That the assessment is excessive.

5—That said land is not directly benefited by said sewer nor peculiarly benefited thereby.

6—That if said land is benefited at all by said improvement it is a prospective benefit and not a present benefit.

Respectfully,

Mary Krenke.

Newark, N. J., May 6th, 1919.

To the Honorable the Board of Commissioners of the City of Newark, N. J.

Gentlemen:

As owner of an apartment house on a seventy-five-foot plot of land on the westerly side of Clifton avenue, opposite the land on which Mr. Lane is proposing to build garages, and as owner of the adjoining property fronting on Abington avenue, on which I am at present erecting apartment houses, I wish to protest against the erection of said garages by Mr. Lane, in accordance with the plans submitted; that is, along the street line of said Clifton avenue.

I believe that not only my property, but the other properties in the vicinity would be depreciated in value if this plan were carried out.

Very truly yours,

Joseph Bell.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

WHEREAS, It is deemed advisable by the Board of Commissioners of the City of Newark to purchase marsh and other lands and rights therein and riparian lands and lands under water, for the construction, establishment and maintenance of public docks and shipping and transportation facilities, in accordance with the provisions of Chapter 272 of the State Laws of 1907, and Chapter 397 of the Laws of 1915, and the amendments thereof;

THEREFORE BE IT RESOLVED, That the sum of three thousand two hundred and fifty dollars (\$3,250) be and the same is hereby appropriated to Stuart Lindsley for the acquisition by the City of Newark of a certain tract of salt meadow containing 3.50 acres, more or less, and being designated as block 1660-4, 1661-3, 1662-5 (Perry & Woodruff) on the official assessment maps of the City of Newark.

The said sum of three thousand two hundred and fifty dollars (\$3,250) being appropriated from the Port Newark Development Account and payment of the same shall be made to the said Stuart Lindsley upon the filing by him with the Acting City Auditor of a satisfactory deed approved by the Law Department.

Thomas L. Raymond,  
A. Archibald,  
William J. Brennan,  
Charles P. Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond.

Nays—Mayor Gillen.

Mayor Gillen: Why should we pay four or five times for this property? If we have already bought it, why buy it again? I am certainly against this and I shall vote against it and oppose it. It is a hold-up and it is crooked. I don't care who is involved in it. I do not think we ought to be forced to pay five times for this property and I will refuse to allow the City of Newark to be held up with the purchase of this property. I think this is a hold-up game all the way through.

Mr. Joseph G. Wolber: This property originally was purchased from the Security Land & Improvement Company for \$1,000 an acre, after the Law Department had declared invalid an outstanding tax deed. Since the city reached an agreement for the sale of Port Newark property to the quartermaster corps this tax deed has again appeared in the hands of Stuart Lindsley, and to avoid the delay of litigation Director Raymond and City Counsel Congleton suggested a repurchase from Lindsley to cover the entire tract.

Mayor Gillen: Did the Fidelity Trust Company guaranty these titles?

City Counsel Congleton: No, sir. You cannot get any guaranty from the Fidelity Trust Company on meadow land. We get the best we can get; we do not get a full guaranty.

Commissioner Raymond: The city has got to get title to this property. Colonel Shelby stated that the government will not accept title to this property with outstanding interests.

WHEREAS, It is deemed advisable by the Board of Commissioners of the City of Newark to purchase

marsh and other lands and rights therein and riparian lands and lands under water, for the construction, establishment and maintenance of public docks and shipping and transportation facilities, in accordance with the provisions of Chapter 272 of the State Laws of 1907, and Chapter 397 of the Laws of 1915, and the amendments thereof;

THEREFORE BE IT RESOLVED, That the sum of five thousand dollars (\$5,000) be and the same is hereby appropriated to Florence E. Cahill for the acquisition by the City of Newark of a certain tract of said meadow, containing 2.60 acres, more or less, and being designated as block 1589-4, 1590-3, 1633-1, 1632-3, 1631-6 (Caleb Smith) on the official assessment maps of the City of Newark.

The said sum of five thousand dollars (\$5,000) being appropriated from the Port Newark Development Account, and payment of the same shall be made to the said Florence E. Cahill upon the filing by her with the Acting City Auditor of a satisfactory deed approved by the Law Department.

May 8, 1919.

Hon. Charles P. Gillen, Mayor,  
City Hall, Newark, N. J.:

Dear Mr. Mayor:

As secretary of the Council of Philanthropies, I was instructed yesterday to get into your hands immediately the following resolution:

"RESOLVED, In view of the urgency of the need of more money to carry on and complete the relief work for the children in institutions, and in families who suffered through the influenza epidemic, that the Council request the Mayor to bring the matter before the Commissioners, and that the agencies included in the Council earnestly support the Mayor in his effort to secure this greatly needed additional fund."

The Borough of Verona,  
Verona, N. J., April 28, 1919.  
Mayor and Common Council of the  
City of Newark, New Jersey:  
Gentlemen:

Enclosed herewith is a bill for sewer assessment against your property in the Borough of Verona, New Jersey.

The resolution as passed by the Borough Council provides that this assessment may be paid in five equal annual instalments, the first falling due on May 25 of this year and the remaining instalments on the 25th of May of each year hereafter until the entire assessment is paid. Interest on these deferred payments is charged at the rate of six per cent.

If, however, any instalment is not paid within thirty days from the time it is due the privilege of paying by instalments is forfeited and the whole assessment or the balance due thereon becomes immediately due and payable, drawing interest at the rate of eight per cent. per annum.

Yours very truly,  
W. S. Barter,  
Collector.

Ordered referred to the Director of Public Affairs.

To Honorable Mayor and Board of Commissioners of the City of Newark, New Jersey, and the Inhabitants Thereof:

The following notice is hereby

given you in accordance with the provisions of an amendment to an Act of the Legislature of the State of New Jersey, approved March eighteenth, nineteen hundred and seven, which amendment was approved April fifteenth, nineteen hundred and nineteen, and in accordance with a resolution of Passaic Valley Sewerage Commissioners, adopted April fifteenth, nineteen hundred and nineteen.

#### TO WHOM IT MAY CONCERN:

Public notice is hereby given that the discharge of sewage and other polluting matter into the waters of the Passaic River, at any point between the Great Falls, at the City of Paterson, and Newark Bay, and into the tributaries of said river emptying therein between said points, is prohibited and must cease and be discontinued after December thirty-first in the year nineteen hundred and twenty.

Respectfully yours,  
Passaic Valley Sewerage Commissioners.

James P. Logan,  
President and Chairman.  
J. H. Quigg,  
Secretary and Clerk.

Ordered filed.

**NEWARK, N. J.,**

**May 15th, 1919.**

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of May 8th, 1919, were read and approved.

Mr. William B. Gwinnett, a member of the Committee on Municipal Research of the Board of Trade, appeared before the Board and stated that it is the desire of the Board of Trade of this city that a study should be made of the city departments by municipal experts. "This study to be conducted in a spirit of co-operation with the city officials, the object and hope being that as a result of this study by experts who are acquainted with the methods used in other cities that certain practical suggestions might be developed. The question has been raised by a commissioner that verbal consent of a member of

the Board of City Commissioners is not fully sufficient, and that a formal resolution of this Board is desired. To bring this matter before you I present the following petition," which he read:

Board of Trade of the City of  
Newark, N. J.,  
May 15, 1919.

To the Honorable the Board of Commissioners of the City of Newark.

Sirs:

The Committee on Municipal Research of the Board of Trade of the City of Newark, a special committee authorized by the Board of Directors of that body to carry into effect the resolution adopted by the Board of Trade at the regular meeting held on February 11th, which resolution requested the Board of Directors to employ experts to make a thorough and comprehensive study of our city departments, do respectfully petition your honorable body to adopt a resolution authorizing the examiners for the Bureau of Municipal Research of New York to have access to the accounts, records, documents and other materials which are necessary to make an appraisal of the business methods employed by the city administration.

In asking for this resolution the Board of Trade wishes it distinctly understood that this survey is in no sense an investigation designed to bring criticism against any branch or agency of the city government, neither is it an audit such as is furnished by public accountants under the law of the State. On the contrary, this survey is broad in its scope and is designed to be of aid to the commissioners by giving them an independent appraisal of their work and bringing to them the benefits of the experience of other cities in dealing with problems of city government.

The methods to be followed in the survey are (1) a careful collection

Commissioner Archibald moved to adjourn.

On the contrary, this survey is broad in its scope and is designed to be of aid to the commissioners by giving them an independent appraisal of their work and bringing to them the benefits of the experience of other cities in dealing with problems of city government.

The methods to be followed in the survey are (1) a careful collection

of facts, (2) the drawing of conclusions from the facts, (3) the presentation of constructive recommendations to the city administration. The work will be done in the closest cooperation with the several commissioners, no publicity will be given to any of the information collected by the staff of the Bureau of Municipal Research, the report of each branch of the city government will be presented to the responsible commissioner for his consideration and criticism before being presented to the Board of Trade. The entire work will be done in the spirit of friendly cooperation with the city administration for the single purpose of bringing helpful and constructive suggestions to those responsible for the several branches of the city government.

Trusting that your honorable body will grant the authority to proceed with the survey, we remain,

Committee on Municipal Research of  
The Board of Trade.

Commissioner Raymond moved that the privilege requested be extended to the committee and that full facilities be given.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. A. H. McGlynn presented the following petition relative to the erection of a garage at 773-775 South 20th street:

May 2nd, 1919.

To the Honorable Commissioners  
of the City of Newark.  
Gentlemen:

We, the undersigned, being residents in the immediate vicinity of

773-775 South Twentieth street, Newark, N. J., upon which property application has been made for a permit to erect a garage, sign our names to this petition as being in favor of the erection of the same, as in our opinion the neighborhood is not such a strictly exclusive residential section that would warrant your body refusing a permit for the erection of this garage.

(Signed by thirty-three residents)  
Ordered filed.

Superintendent O'Rourke stated that while he thought South Twentieth street is largely a residential section, as most of the dwellings are 3-family tenement houses, he was willing to act with the majority and felt that the garage might properly be erected there.

Commissioner Archibald moved that the permit for the erection of a garage at 773-775 South 20th street be granted.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Frederick Jay protested against the erection of a garage in the vicinity of Mercer and High streets, and presented the following petition in support of his protest:

To the Building Department of the  
City of Newark, William P.  
O'Rourke, Superintendent.

Gentlemen:

We, the undersigned, residents in the vicinity of Mercer and High streets, in the City of Newark, County of Essex and State of New Jersey, do hereby earnestly protest against the granting of a building permit for the erection and construction of a public garage to be located at No. 6 Mercer street, Newark, New Jersey. The reason we protest against such garage is be-

cause this is a residential neighborhood, and as one garage is being constructed and erected at Nos. 34-36 Mercer street, Newark, New Jersey, we deem it more than sufficient to the annoyance, nuisance and detriment to the neighborhood as a residential section. We are sure that there is absolutely no need of a second public garage of the kind that is contemplated to be constructed, as we are informed by one Joseph Okin. We realize that every person has a right to do whatever he desires with his property, but it seems to us, as residents of that neighborhood, we are entitled to some consideration, by having our property as a residence and not to be annoyed by such business property as a public garage, from the noise of the starting and testing out automobiles, noxious odor of the gas, oil and other materials that are used in conjunction of a public garage, for the repairing and storing of automobiles.

It is therefore earnestly requested that this permit should not be issued for that kind of a business, particularly in that neighborhood.

Respectfully submitted,  
(Signed by fifty residents)

Ordered filed.

Mr. Louis Lesser urged the Board to grant a permit for the erection of a garage in this vicinity, claiming that the neighborhood is not a strictly residential section in view of the fact that Mr. B. Hoffman, one of the objectors, maintains a tin factory within 150 feet of where this garage is to be built, in which he manufactures all sorts of tinware and stovepipes. What we contemplate building is a show room for the sale of cars and the plant is to be used as a service station.

Commissioner Brennan moved that the matter be laid over for a week in order to give the Commissioners and those interested an op-

portunity to present further arguments.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald offered the following resolution:

The following communications were received and read:

L. Bamberger & Company,  
Newark, N. J., May 13, 1919.

Mr. W. J. Egan, City Clerk,  
City Hall, Newark, N. J.:

Dear Sir:

We have submitted tentative plans to the Building Department for proposed new building that will occupy the entire block bounded by Halsey, Market, Washington and Bank street. As these plans differ with the present building code, we are respectfully asking for a meeting with the City Commission to consider these plans.

We have placed on file with the Building Department copies of the plans.

Very truly yours,  
L. Bamberger & Co.,  
Chester Realty Company,  
Frank D. Liveright,  
Secretary.

Commissioner Brennan moved

that the communication be received and a special time be set aside— 11 o'clock a. m., Thursday, May 22nd, 1919—to hear the representatives of Bamberger & Company on the proposed improvement.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

State of New Jersey,  
Executive Department,  
May 13, 1919.

Dear Sir:

I have yours of the 12th, enclosing resolution adopted by the Board of Commissioners of the City of Newark, requesting that I call a special session of the Legislature for the purpose of endeavoring to bring about relief in the housing conditions of your city.

Inasmuch, as I have filed my resignation as Governor, to take effect at noon on Friday, I will refer the resolution to my successor, Acting Governor Runyon, inasmuch as it would be impossible for me, in the short time left as Governor, to investigate the situation sufficiently to convince myself as to what relief could be afforded by legislative action. Further than that, if a special session of the Legislature should be advisable, it should be considered by the incoming Governor, as, of course, he would be the executive at the time of such session.

Very truly yours,  
Walter E. Edge,  
Governor.

Mr. W. J. Egan,  
City Clerk, Newark, N. J.  
Ordered filed.

Mayor's Committee on Rent  
Profiteering,  
City Hall, Newark, N. J.,  
May 15, 1919.

To the Commissioners of the City  
of Newark:

Gentlemen:

John A. Waferling, architect, of

Newark, wishes to reconstruct a building in the rear of 431 Badger avenue for the owner, Gustive Wehling, so that it can be made suitable to accommodate one family.

It seems the Building Restriction Ordinance, now in force, prevents this being done, and the same is the case with many other similar buildings that might be reconstructed at this crisis in housing shortage. Mr. William P. O'Rourke is familiar with this matter.

I herewith present a blueprint showing the alterations required.

Very truly yours,

William J. Morgan.

Ordered referred to Superintendent of Buildings.

Commissioner Archibald offered the following resolution:

RESOLVED, That the salary of Fred M. Smith, secretary to the Director of Revenue and Finance, be and the same is hereby increased from two thousand eight hundred dollars (\$2,800) to three thousand five hundred dollars (\$3,500), to date from and including May 15, 1919, and the City Clerk be and he hereby is authorized and instructed to change the payroll accordingly.

A. Archibald,

**May 22nd, 1919.**

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Absent—Commissioner Monahan, on account of death in family.

The minutes of the meetings of May 15th and 16th, 1919, were read and approved.

Louis Bamberger, president; Felix Fuld, vice president and treasurer, and Abraham Schindel, superintendent, of L. Bamberger & Company, appeared before the Board with a request for a modification of the city's building code to permit the erection of the proposed addition to its store building, with a tower to reach about 475 feet in the air.

Mr. Fuld: The tower will be the most ornamental thing in its line in the country and it will be a wonderful ornament for Newark. We have submitted plans to the Build-

ing Department and Mr. O'Rourke was not able to approve of them for certain reasons.

Mr. O'Rourke stated he did not have the power to approve the plans because they did not conform with the provisions of the second paragraph of section 158 of the Revised Ordinances of the City of Newark.

Commissioner Raymond (addressing Mr. O'Rourke): Do you see anything injurious in these plans?

Mr. O'Rourke: They are not stealing light from anybody, and they will not do any injury to the Prudential or the other residents in this section. As a general proposition I am opposed to a very high building. The section on Bank street will be approximately the same height as the Firemen's building. The matter of height, however, is somewhat of an esthetic matter. The question of fire fighting comes in.

Commissioner Raymond moved that the matter be referred to Supt. O'Rourke and the Law Department to take the necessary steps to prepare an ordinance and bring the matter back here one week from today.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: The Board is prepared to hear citizens on the permit for a garage at High and Mercer streets.

Mr. Herman Bonremann protested against the erection of a garage at High and Mercer streets for the reason that he considered this a strictly residential neighborhood. He stated he represented his father, brother and property owners in general in this section who are, with one or two exceptions, opposed to

the building of this garage. "Residents along there who have automobiles have their own garages. There is a garage going to be built at 34-36 Mercer street, just about 150 feet above this present location, and I think the accommodations of that garage will be sufficient for the entire neighborhood. We have a petition here of property owners along that thoroughfare, from Springfield avenue over to Morton street, and almost everyone along there, with the exception of one or two, are opposed to this garage. This is one of the prominent streets of Newark and it is absolutely unnecessary for a garage to be built on that corner."

Dr. Harry Buechler also protested against the erection of this garage on the ground that High and Mercer streets is a strictly residential section.

Mr. Louis Lesser urged the Board to grant the permit. The proposed garage is not as noxious as these gentlemen would make it appear. The proposed building will be used for the sale of cars and as a service station. It will not be a ramshackle structure; it will be rather an ornate building.

Commissioner Raymond moved that the application be rejected.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Cecil Speer, attorney for the Bradybury estate, protested against the Vailsburg sewer assessment on Ivy street property. He contended that the property in question, which is located on the west side of Ivy street, will not receive any benefits from the Vailsburg drainage system and can only be used for ordinary farming land to grow hay. It does seem that the assessment is particularly excessive in view of the

fact that the property will receive no benefit at all from the drainage system.

Mr. A. J. Rossbach protested against the assessment on property located south of Valley street. "There is a system of sewers consisting of pipes running down to Valley street and our property is south of Valley street, considerably south, probably a half a mile, just on the west side of Stuyvesant avenue. All the surface water of that property drains into the Elizabeth river, which is still further south than this property. The Elizabeth river is a natural stream into which we have a right to drain. We are being assessed the same as if the property was directly connected with the sewer system."

Commissioner Raymond: I cannot vote for confirmation. We can consider some of these apparent injustices, I should think. That is my position.

Commissioner Archibald: Isn't it possible to defer action on these assessments for one week to find out where we stand. I do not want to impose any hardship on anybody connected with this Vailsburg drainage system, but the city needs the money and we ought to do something to get some of this money in.

Commissioner Archibald moved that the matter be laid over for one week to allow the objectors time to file notices of objections.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: I think we ought to take definite action next Thursday.

Mayor Gillen offered the following resolution:

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Commissioner Raymond presented a resolution rescinding resolutions heretofore adopted appropriating divers sums of money for the acquisition by the City of Newark of certain tracts of salt meadow land, for the reason that titles thereof were disapproved by the city.

Mayor Gillen: In reference to this resolution regarding title to meadow land, I would like to have a report on each parcel indicated here, as to exactly what the reason was for the disapproval of title and what the present status is of each parcel as to possession and title. I would like to have a report in writing from the Law Department so that it can be filed and made part of our records. This is a very serious proposition. We have a development down there and we were supposed to purchase lands at \$400 an acre, which after-

wards we were called upon to pay \$5,000 an acre for. That is wrong and it cannot be upheld by anybody.

With the consent of the Board Commissioner Raymond then withdrew the resolution.

Commissioner Raymond: I think the Law Department should supply us with that statement and give us the reasons why the warrants are recommended for cancellation.

Commissioner Raymond moved that the Law Department give us, in writing, the reasons why they recommend cancellation of these warrants.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Commissioner Brennan offered the following ordinance, which was read by the Clerk:

An Ordinance to amend paragraph eleven of Section 271 of the Revised Ordinances of the City of Newark.

The Board of Commissioners of the City of Newark do ordain:

1. That paragraph 11 of Section 271 of the Revised Ordinances of the City of Newark be amended to read as follows:

The following communication was received and read:

A. P. Bachman, Counsellor-at-Law,  
Essex Building, Newark, N. J.  
New York City, May 21, 1919.

To the Honorable Board of Commissioners of the City of Newark.  
Gentlemen:

Heretofore and on behalf of the Hildreth Granite Company, of Boston, Mass., I had several conferences with the Department having the matter in charge regarding the sums claimed by said company to be due it for the material furnished for paving Bowery street and Crawford street, Newark.

The contract was originally taken by the Hughes Contracting Company of your city, of which Wilfred C. Roszel was duly appointed receiver, and the sums due on said contracts were duly assigned to the Hildreth Granite Company.

In some way the certificates for the work were either not delivered, or if delivered, have been mislaid, and upon my making application, as above stated, I was told that nothing could be done unless such certificates were produced.

The object of this, therefore, is to ask that your Honorable Board will permit the issuance of such certificates by duplicate, so that the claim of the Hildreth Granite Company may be duly presented, and a demand made for the money due on the contracts above stated.

Thanking you for your favorable consideration which I pray you will give this communication, I remain

Yours very truly,

A. P. Bachman.

Ordered referred to Director of Streets and Public Improvements.

Commissioner Brennan offered the following resolution:

WHEREAS, Michael L. Skelly has been certified by the Civil Service Commission as eligible for appointment to the position of carpenter in the Fire Division, Department of Public Safety;

THEREFORE, BE IT RESOLVED, That Michael L. Skelly be and he is hereby appointed to the position of carpenter in the Fire Division, Department of Public Safety, at an annual salary of \$1,600, payable semi-monthly as other salaries are paid. This appointment is to take effect as of June 1, 1919.

William J. Brennan,  
Thomas L. Raymond,  
A. Archibald,  
Charles P. Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

The following resolution was received and read by the city clerk:

WHEREAS, Lyons avenue is a logical connecting road between the park systems of Essex county, which are under the supervision of this Board; and,

WHEREAS, Lyons avenue between Clinton place and the Irvington line is unpaved and in a very bad condition;

BE IT THEREFORE RESOLVED, That we hereby request the Board of Freeholders of the County of Essex, and the Mayor and Board of Commissioners of the City of Newark, to enter into an agreement for the paving of the above section of Lyons avenue in the same manner in which the section of Lyons avenue within the City of Newark and within the Town of Irvington have already been improved.

AND BE IT FURTHER RESOLVED, That a copy of this resolution be forwarded to the Board of Chosen Freeholders of the County of Essex and to the Board of Commissioners of the City of Newark.

It is hereby certified that the foregoing is a true copy of a resolution passed by the Essex County Park Commission on the 13th day of May, A. D. 1919.

#### NEWARK, N. J.,

May 29th, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of May 22nd, 1919, were read and approved.

Mr. William E. Cavanagh, secretary of the Vailsburg Improvement Association, appeared before the Board and requested that the consideration of the Vailsburg Drainage System assessments be postponed for two weeks. "I understand that there is some question as to the legality of assessing people who are not on a direct line of this drainage system. If that is law we want the property owners in that section to have the benefit of it, and they are depending upon you to see that they get it."

Mayor Gillen: The only objections I think could be raised would be where people had absolutely not received any benefits or could show that they received no benefits. If they received any benefits I do not see why they should not be assessed.

Commissioner Archibald: The present Board of Assessment Commissioners is the third board that has handled this assessment. This matter has been referred to one commission after another since 1912. If this assessment should go back to the commission I have but one course open. I will add interest to the assessments, and this means fifty-six per cent. This holding up of payment by property owners is costing the city \$20,000 a year, and it has been going on long enough. It means about half a point in the tax rate, and we should be put in a position to retire these temporary loan bonds instead of renewing them. The question should be put up to the courts and settled one way or another. I do not want to impose any hardship on the Vailsburg people, but I would like to see the assessments confirmed so that the city could collect some of this money.

Mayor Gillen: I think the whole thing ought to be confirmed, whether a protest is made or not.

Commissioner Raymond moved that the matter be laid over for two weeks.

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto, and amendments thereof, to order and cause the opening of three streets, as follows:

No. 1—Opening of a proposed street to be known as Port street. Beginning at a point in the centre line of Bay avenue, said point being distant 1,962.5 feet northeasterly, measured at right angles from the centre line of Peddie street, said beginning point being also distant 655.43 feet northwesterly, measured along said centre line of Port street from the centre line of right of way

of the Newark and Elizabethport branch of the Central Railroad of New Jersey, running thence parallel to said Peddie street and distant 1,962.5 feet northeasterly, measured at right angles therefrom a distance of 4,689.45 feet to the centre line of Doremus avenue, said street to be 75 feet wide, 37½ feet on each side of the above described centre line. The southwesterly side of said Port street to be the northeasterly line of the holdings of the United States Government at its Army Supply Base, Port Newark Terminal.

No. 2—Opening of a proposed street to be known as Terminal street, the centre line of which is described as follows: Beginning at a point in the centre line of Port street, as above mentioned, distant 210.48 feet southeasterly, measured along the centre line of said Port street, from the centre line of right of way of the Newark and Elizabethport branch of the Central Railroad of New Jersey, running thence southwesterly parallel to said centre line of said railroad company's right of way and distant 210.095 feet, measured at right angles therefrom, a distance of 2,404.34 feet to a point in the centre line of a proposed street to be known as South Dock street, mentioned below. Said street to be 120.19 feet in width 60.95 feet on each side of above described centre line. The northwesterly side of said street to be the southeasterly right of way line of said railroad company and the southeasterly side of said street to be the northwesterly boundary line of the holding owned by the United States Government at its Army Supply Base, Port Newark Terminal.

No. 3—Proposed street to be known as South Dock street. Beginning at a point in the centre line of proposed Terminal street distant 210.095 feet southeasterly, measured at right angles from the centre line of right of way of the Newark and Elizabethport branch of the Central

Railroad of New Jersey, said beginning point being also distant 437.5 feet southwesterly, measured at right angles from the centre line of Peddie street; running thence parallel to said Peddie street and distant 437.5 feet southwesterly, measured at right angles therefrom, a distance of 1,548.27 feet to the centre line of Bay avenue. Said street being 75 feet in width, 37½ feet on each side of the above mentioned centre line.

All three streets as described are shown on a map on file in the office of the Chief Engineer, known as No. 1191-0.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice to an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on June 19th, 1919, at 11:00 o'clock a. m., at which time and place ordinances for the making of such improvements will be considered on final passage.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Nathan H. Brodsky, of 790 Broad street, appeared before the Board at the request of Commissioner Brennan and made the following statement in connection with treatment accorded him by William Schmauder, clerk of the Fourth Precinct Police Station.

I went down to the Fourth Precinct yesterday to make a complaint

for embezzlement and grand larceny against a man that was going to leave town. The lieutenant at the desk informed me he had no authority to take complaints and referred me to Mr. Schmauder, the clerk. I went to see Mr. Schmauder, who told me to go to hell. He used some very indecent and profane language. He said he absolutely refused to take the complaint, and told me to come down in the morning. I told him that the money belonged to me and that the man had an automobile with which he intended to get away with, and that I desired quick action before the man got away, whereupon he became very profane, grabbed ahold of me and shoved me up against the door and threw me out.

Commissioner Brennan—I might state that I have had numerous complaints coming to me from citizens regarding the action of the clerks, or at least some of the clerks in our police courts. The judges have given orders that complaints are to be taken only by the clerks or deputy clerks, and evidently some of the clerks absolutely disregard the rights of citizens making complaints. I am powerless to do anything with them. If a member of the bar is treated in the manner as explained by Mr. Brodsky you can imagine what would happen to an unfortunate who is unable to understand the English language. The facts, of course, I presume should be brought before the entire commission. Mr. Brodsky came to see me yesterday afternoon on the matter, and I referred him to Judge Boettner, who said the Commission had charge of the matter. When I was told that the man was likely to be out of the city I instructed the captain to get on the job immediately, and suggested to Mr. Brodsky that he appear before the Commission for the purpose of calling your attention to the conditions existing in some of the courts. If you refer this matter to me, I would suggest that you also refer it to the Law De-

partment, as I would like to have the advice of some member of the Law Department in dealing with this matter, as it is becoming a serious one.

Mayor Gillen—Aren't there a great many complaints made by persons that they have great difficulty in communicating with relatives or friends when they are locked up?

Commissioner Brennan—Yes, there are a great many complaints made. Ever since I became Director of Public Safety I issued orders to permit prisoners to get in telephonic communication with their friends, and in the event of being unable to reach relatives or counsel a reserve man sent to the party requested by the prisoner.

Commissioner Archibald moved that the complaint of Mr. Brodsky regarding treatment accorded him by Mr. Schmauder, clerk of the Fourth Precinct Police Station, be referred to the Director of Public Safety and the Law Department, with the request that they submit a report to this Commission on their recommendations.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the clerk:

An ordinance to provide for the opening of three new streets, to be known as Port street, Terminal street and South Dock street.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That three new streets to be known as Port street, Terminal street and South Dock street, shall be opened as public streets or highways, according to the following descriptions:

No. 1. Opening of a proposed street

to be known as Port Street Beginning at a point in the centre line of Bay Avenue, said point being distant 1,962.5 feet northeasterly measured at right angles from the center line of Peddie Street, said beginning point being also distant 665.43 feet northwesterly measured along said center line of Port Street from the center line of right of way of the Newark and Elizabeth Port Branch of the Central Railroad of New Jersey, running thence parallel to said Peddie Street and distant 1,962.5 feet northeasterly measured at right angles therefrom, a distance of 4,689.45 feet to the center line of Doremus Avenue, said street to be 75 feet wide, 37½ feet on each side of the above described center line. The southwesterly side of said Port Street to be the northeasterly line of the holdings of the United States Government at its Army Supply Base, Port Newark Terminal.

No. 2. Opening of a proposed street to be known as Terminal Street, the center line of which is described as follows: Beginning at a point in the centre line of Port Street as above mentioned, distant 210.48 feet southeasterly measured along the centre line of said Port Street, from the center line of right of way of the Newark and Elizabeth Port Branch of the Central Railroad of New Jersey, running thence southwesterly parallel to said center line of said Railroad Company's right of way and distant 210.095 feet measured at right angles therefrom, a distance of 2,404.34 feet to a point in the centre line of a proposed street to be known as South Dock Street mentioned below. Said street to be 120.19 feet in width 60.095 feet on each side of above described center line. The northwesterly side of said street to be the southeasterly right of way line of said Railroad Company and the southeasterly side of said street to be the northwesterly boundary line of the holdings owned by the United States Government at its

Army Supply Base, Port Newark Terminal.

No. 3. Opening proposed street to be known as South Dock Street. Commissioner Brennan offered the following ordinance, which was read by the clerk:

An ordinance to amend section 158 of the Revised Ordinances of the City of Newark (Revision of 1913), approved October 4, 1913.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. That Section 158 of the Revised Ordinances of the City of Newark (Revision of 1913), approved October 4, 1913, be and the same is hereby amended to read as follows:

"Section 158. No non-fireproof building or structure hereafter erected shall exceed sixty-five feet in height, nor the heights specified for non-fireproof buildings of the several respective classes mentioned in Section 234 of this Code.

"Such height shall be the perpendicular distance measured in a straight line, taken at the centre of the facade of the building, from the curb level to the highest point of the roof beams, not including in such measurement of height cornices which do not extend more than five feet above the highest point of the

roof beams nor inclosure for the machinery of elevators which do not exceed fifteen feet in height, or inclosures for tanks which do not exceed twenty feet in height above the roof beams and do not exceed in united area ten per centum of the area of the roof."

Section 2. All ordinances or parts of ordinances inconsistent herewith be and the same are hereby repealed and this ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

#### REPORTS OF CITY OFFICERS.

The following report of city officers was received and ordered filed: Auditor of Accounts for April, 1919.

The following communications were received and read:

State of New Jersey,  
Executive Department.

May 21, 1919.

W. J. Egan, Esq., City Clerk, Newark, N. J.

Dear Mr. Egan:

Governor Edge has referred to me as Acting Governor the resolution passed by the Board of Commissioners of the City of Newark requesting that a special session be called to remedy the crisis in the affairs of the city brought about by the scarcity of rooms and housing conditions. I will take this matter

under careful consideration, you may be sure.

Very truly yours,  
Wm. N. Runyon,  
Acting Governor.

Ordered, filed.

Headquarters Eastern Department,  
Governor's Island, New York City.  
May 28, 1919.

From: Adjutant.

To: Mayor of Newark, N. J.  
Subject: Request for site for Recruiting Station.

1. Request is hereby made for permission to place a small recruiting tent, temporarily, at Market and Broad Streets, Newark, N. J. This recruiting tent is for the purpose of obtaining recruits for the Motor Transport Corps.

By command of Major General Barry.

P. R. Morrissey,  
Adjutant General,  
Adjutant.

Ordered referred to Commissioners Raymond and Monahan.

From Thomas J. McHugh, of 65 Mead Street, urging the Board to pave Silver Street.

Ordered referred to Director of Streets and Public Improvements.

Commissioner Archibald: I attended a meeting of the Executive Committee of the Liberty Loan Committee this morning and was requested to present this flag to the City of Newark, given by the government in view of our going over the top—more than 100%—in our last Liberty Loan drive. Newark has more than done its share in all drives. This is something we ought to treasure. We have three of them,

and I think they ought to be preserved and an appropriate display made, so that the future generations can see real evidences of the patriotism of Newark. I therefore ask you to accept this flag in the name of the Liberty Loan Committee and from the government. The reason for them not having a demonstration is because they think we have had enough parades, and the committee asked me to do this as a member of the Executive Committee.

Commissioner Archibald moved that this flag, as well as the other flags that are in our possession, be placed in the custody of the Director of Parks and Public Property to have them hung in the rotunda of the city hall for a period of time.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Approved:

Charles P. Gillen,  
Thomas L. Raymond,  
William J. Brennan,  
A. Archibald,  
John F. Monahan,

Board of Commissioners of  
the City of Newark, N. J.
